PROFESSIONAL SUMMARY:

Innovative software engineer with a strong foundation in programming and problem-solving. Proficient in Azure, Azure DevOps and development tools. Experienced in back-end development, agile methodologies, and software development life cycle. Proven agility to design and implement scalable, efficient, and maintainable software solutions. Passionate about staying up-to-date with emerging technologies and collaborating with cross-functional teams to deliver cutting-edge products.

ACADEMIC PROJECTS:

Title: STUDENT COMMUNITY:

- Student community website serves as digital hub for student to connect, collaborate and engage with each other and started with 200 students.
- The back-end of the website is developed by python Django4.2 framework and Azure SQL database service.
- Deployed on Azure webapp with 99.5% availability and can be easily scalable and secured with azure active directory.

Title: JOB CONNECT: The Future of Recruitment and Job Search

- this project aims to create online job platform applications that revolutionize the job search and recruitment process created for college students starting with 150 students.
- implemented Azure DevOps for CI/CD pipeline resulting in a 25% decrease in development time and a 50% increase in deployment frequency.
- Implemented Azure DevOps pipelines for automated build, test, and deployment process.by This 75% decrease in manual deployment tasks and a 50% reduction in deployment time

TECHNICAL SKILLS:

- Software development life cycle (Agile, Scrum)
- Python -Django framework
- Azure
- Azure DevOps
- Azure Kubernetes Service

QUALIFICATION:

MARRI LAXMAN REDDY INSTITUTE OF TECHNOLOGY AND MANAGEMENT   **Hyderabad**

- Bachelor of Technology   2020-2024
- Computer Science and engineering
- Cumulative GPA: 8.5/10.0;

CERTIFICATIONS & TRAINING:

- Certified Microsoft azure cloud developer associate solutions (az-204).
- Certified Microsoft Azure Administrator (az-104).
- Terraform with Azure Course from Udemy (pursuing)
- Got certificate on completing az-204 Associate, Azure (AKS) courses from Udemy.
- Attained certificate on completing az-400 Azure DevOps, python Django courses from Udemy.
